

Pamācība par “Call for abstracts” pieteikumu apstiprināšanu un reģistrēto dalībnieku sarakstu

Ar “zīmuli” augšā atveram administratora skatu.

The screenshot shows the top navigation bar with a red box around the user profile icon. The main header features the conference logo and title: "Aerobiology: current stage and future perspectives" and "80. Latvijas Universitātes starptautiskā zinātniskā konference 2022". Below the header, there is a search bar and a navigation menu. The main content area includes a welcome message, technical details about abstract submissions (1000 words limit, 15-minute presentations), and event dates: "Starts Jan 31, 2022, 10:00 AM" and "Ends Feb 1, 2022, 2:00 PM". A Zoom link and a note about materials are also visible.

Lai redzētu iesniegtos abstraktus, kreisajā pusē zem sadaļas **Workflows**, izvēlamies sadaļu “Call for abstract”.

The screenshot shows the administrator interface. The top navigation bar includes "Home", "Create event", and "My profile". The breadcrumb trail reads: "Home » 80th International Scientific... » Natural Sciences » Faculty of Geography and Earth Sciences » Aerobiology: current stage and...". The main content area is titled "Aerobiology: current stage and future perspectives 31 Jan - 1 Feb" and "Call for Abstracts". A sidebar on the left contains a menu with "Workflows" expanded, and "Call for Abstracts" highlighted with a red box. The main content area shows a "The call for abstracts is open" notification, a "Submission" section with "Notifications" and "Settings" buttons, a "Fields and types" section with "Contribution types" and "Abstract fields" buttons, a "Reviewing" section with "Roles", "Settings", and "Questions" buttons, a "Book of abstracts" section with "Upload custom PDF" and "LaTeX Settings" buttons, and a "List of abstracts" section with a "Manage" button.

Kad ir atvērta sadaļa "Call for abstracts", tad ir iespēja redzēt sarakstu ar pieteiktajām tēzēm. Pretī sadaļai **List of abstract** spiežam pogu **Manage**, lai varētu ieraudzīt sarakstu.

Aerobiology: current stage and future perspectives 31 Jan - 1 Feb
